PROFESSIONAL SUMMARY

I am studying Bachelor of Information Technology Degree at University of Moratuwa. I am enthusiastic individual who thrives in challenging environments. My academic background has equipped me with a solid foundation in information technology and my commitment to responsibility and orderliness ensure that I approach tasks with diligence and precision. Eager to embark on my professional journey. I am excited about the opportunity to contribute positively to a forward thinking organization.

PROFESSIONAL EXPERIENCE/PROJECTS

Project name: M-Arch Consultant

Role: Designer & Developer

Technologies: WordPress, HTML, CSS, and PHP

Description: Designed and developed a responsive and visually engaging website for “M-Arch” an architectural consultancy platform, using WordPress. Customized the theme and functionality to align with the client’s branding and service needs. Integrated plugin for enhanced performance, SEO optimization, and responsive design to ensure cross-device compatibility. Focused on user-friendly navigation and interactive features to create an engaging user experience. The website was deployed with scalability in mind, enabling seamless future updates. Technologies used include WordPress, HTML, CSS, and PHP for customization.

Project name: Ceyvola

Role: Designer & Developer

Technologies: WordPress, HTML, CSS, and PHP

Description: Developed “Ceyvola”, a multi-vendor e-commerce platform targeting vendors and customers in the USA and Canada. Built using WordPress, the platform supports multiple vendors to showcase and sell their products efficiently. Integrated a secure payment gateway to enable seamless transactions. Focused on creating a responsive, user-friendly interface to ensure a smooth shopping experience across devices. Implemented essential plugin for vendor management, payment processing, and site optimization, ensuring scalability for future growth.
